DALTON'S INDICTMENT IS NOW DISCUSSED.

Dr. George C. Pardee Makes a Defense for the Assessor—Judge W. E. Greene Answers Charges—Foreman T. L. Barker of the Grand Jury Makes a Rattling Statement—R. S. Leckie Explains His Position—County Expert Colonel Bullock Makes Reply—Secretary George Burbeck of the Grand Jury Defends That Body—Emil Nusbaumer Gives His Views—Mass Meeting Called.

The indictment of County Assessor Henry P. Dalton on a charge of destroying a public record in his office has created a great deal of talk.

The following interviews have been secured on the subject:

SHARP REPLY BY FOREMAN T. L. BARKER.

"I thought Dalton had better sense than to make such foolish accusations," said T. L. Barker, foreman of the Grand Jury, to a reporter of THE TRIBUNE in discussing the indictment today. "I always gave him credit for having some judgment, but this is all such absolute rot that I am at a loss to understand him.

"In the first place, I was only one man on the Grand Jury, and the best way I can refute his misstatements is to point to the names of the other Grand Jurors. Just look at those names. There is John Dickson of Alameda, a nice old gentleman whom I know only slightly. He is a man honored in his community, and I believe him to be of the utmost integrity. Then there is William Day. He lives in Sunol, and I never met him, never saw him, until we were introduced as Grand Jurors. Another is C. P. Hoag of Berkeley, an old timer in his community—really grew up here.

"Could I have influenced any of them? Folders! But what I wish to call your attention to particularly are the names of A. L. Fish, George B. M. Gray, George Burbeck, James Moffitt, Hugo Abrahamson and Edgar Bishop.

"If those men are anything at all, they are the particular friends of Henry P. Dalton. I believe they are all his friends, both personal and political. Could I have influenced them?

"This whole story is the simplest thing in the world. The report of the Grand Jury puts everything in a nutshell.

"We, as Grand Jurors, thoroughly considered this matter, and under the testimony which was offered we decided that less than we did do. IF WE HAD DONE LESS EVERY MAN ON THAT GRAND JURY WOULD HAVE VIOLATED HIS OATH.

"One member of the jury, who is a warm personal friend of Dalton, said to me in the jury room: 'I WILL REGRET ALL THE DAYS OF MY LIFE THAT I WAS ON THIS GRAND JURY AND THAT I WILL BE COMPELLED TO TAKE THIS STEP, BUT I CAN DO NOTHING LESS UNDER MY OATH.'

"I felt the same way and I told him so. It was a source of great regret, but what could we do?

"In reference to the statement that I had personal motives, that my defeat for Mayor and Dr. Pardee's antagonism to me at that time was responsible for Dalton's indictment, I shall say but little.

"That all happened years ago and is so absurd on the face of it that it deserves no consideration from me. All I can do with this phase of the situation is to point again to the names of the Grand Jurors and ask the public if those men could be influenced by me or any other man.

"But supposing I had so far forgotten myself as to let politics influence my duties as a Grand Juror. I do not think the people of Oakland, where I have lived so long, would believe such a thing, but suppose I had, and was doing politics against Dalton.

"CAN ANY SANE MAN THINK THAT I WOULD HAVE INDICTED HIM IF I WERE DOING POLITICS? THAT VERY THING, THE INDICTMENT, WOULD TEND TO GIVE HIM THE NOMINATION IF ANYTHING IN THIS WORLD COULD DO IT.

JUDGE GREENE TELLS OF ADVICE TO THE JURY

Judge Greene emphatically denies the report that he advised the Grand Jury that it should find an indictment against Assessor Dalton. When questioned in regard to the matter this morning he said:

"The Grand Jury called me into the Grand Jury room, interrogated me as to certain questions of law, and in that regard only were advised by me.

"I did not advise the Grand Jury to find an indictment or accusation against Assessor Dalton, nor did the Grand Jury ask my advice in that regard. The Grand Jury made certain statements to me as to what the Assessor had testified to before them in regard to the conduct of his office and asked me, in view of those statements, whether it was their duty as a matter of law to pursue the matter further, and they were advised by me that it was their duty to make a thorough investigation in the premises.

"Further than this I had nothing to do, directly or indirectly, with the action of the Grand Jury in the premises.

"So far as I am advised or have any information, politics did not enter into the action of the Grand Jury in the slightest degree.

"It was intimated in the Enquirer last evening that I took a very unusual course in not permitting the report of the Grand Jury to be disclosed to the public immediately after it was presented. This intimation was not correct. The report referred to the fact that the jury had taken certain action in regard to Assessor Dalton, and in view of this fact it became necessary to keep this report from the public until Mr. Dalton should be arrested.

"That this course was not only entirely proper but was enjoined upon the Court will appear from Section 168 of the Penal Code, which reads as follows: "Every Grand Juror, District Attorney, Clerk, Judge or other officer who, except by issuing or in executing a warrant of arrest, willfully discloses the fact of a presentment or indictment having been made for a felony, until the defendant has been arrested, is guilty of a misdemeanor."

DR. G. C. PARDEE SAYS DALTON IS ALL RIGHT.

Dr. George C. Pardee made the following statement:

"It is very evident that the opponents of good government do not want to see Henry Dalton go to Congress, and that they succeeded in getting the Grand Jury to aid them in the attempt to blacken and besmirch the good name of an honest man and an incorruptible public official. That they will not succeed no honest, independent man can doubt. And that the people of Alameda county, whose temper I know very well, will resent this attack upon the man who has stood so manfully between them and the horde of political guerrillas who do not like to see an honest man in office, there can be no doubt. I look upon this latest outbreak of those who are willing to do anything to keep Dalton out of Congress as directly in line with all that they have attempted to do to keep the people of Alameda county from being honestly represented in the public offices. Dalton has been too long in the public eye and his official acts have been too closely scrutinized by the people, to permit of anyone being fooled

by this attempt to kill him off as a candidate for Congress. As is frequently the case, the attempt of Dalton's enemies to hide behind some one else, in this case the Grand Jury, in their attempts to keep him out of Congress, will act as a boom-rang and will bring about the very thing they have attempted to thwart, namely his triumphant vindication at the polls."

County Expert Colonel E. B. Bullock

HENRY DALTON HAS CONTEMPT FOR ENEMIES.

County Assessor Henry P. Dalton gives out the following signed statement:

"All I ask of the people of Alameda county, irrespective of party or political preferences is that they consider the facts as to the charges made by the Grand Jury, and not to be misled by the political intrigue of my bitter enemies. I have every faith in the sense of fairness of a majority of those gentlemen who do not favor my political aspirations, but for the political ring that has taken this indecent and unjust method of fighting me I have nothing but utter contempt.

"I am charged with destroying public records, but there never has been a public record of any kind destroyed in my office, which the result of the matters now pending in court will prove beyond all question of doubt. I have always conducted the affairs of my office honestly and fearlessly, and this is an effort to punish me by a political gang, who because they cannot ruin me are doing their little best to ruin me.

"HENRY P. DALTON."

R. S. LECKIE TELLS ABOUT HIS TESTIMONY

Robert S. Leckie, Chief Deputy County Recorder, made the following statement to a TRIBUNE reporter today:

"In regard to my being called before the Grand Jury as a witness against Assessor Dalton, I desire to let the public know just what transpired.

"I was called before the Grand Jury and asked if I knew anything of the management of the Assessor's office.

"I replied that I had never had anything to do with the office since I left it in 1895 and Dalton succeeded me. I said I knew absolutely nothing of his methods in regard to collecting personal property taxes, nor to any other methods which he employed.

"I was then questioned as to how I had managed the office while Assessor, and I explained it in detail.

"It is a well known fact that I came out of the Assessor's office a poorer man than I was when I entered it. I went through two fights, and that will clean a room out financially.

"As regards my having anything to do with influencing the Grand Jury, it is simply ridiculous. The idea of nineteen men of standing being influenced by any one man is so absurd that it should not be answered.

"Not one of those men, I believe, would lend himself to such filthy politics. I have never spoken to one of them in regard to the Dalton case, except when I was before them as a witness.

"I am doing pretty well now as a Deputy Recorder, and all I ask is to be let alone."

COUNTY EXPERT DENIES CHARGE OF PERSECUTION

County Expert Colonel E. B. Bullock

was seen by a TRIBUNE reporter today and said:

"I understand that my name has been mentioned as one who is persecuting Mr. Dalton. I will say that, as County Expert, it is my duty to look after every county officer, it makes no matter whether it be Assessor, Coroner, Constable, Surveyor or any other officer. It has been my aim to treat every one with fairness and alike, and I have done so.

"I discredited anything relating to politics.

"This matter is not new, for the last Grand Jury with its expert made a report upon the same.

"I have had occasion twice before to look after the Assessor's office—once on a claim of about \$800 for the purchase of sixty books from a local firm which was O. K'd by Dalton's office as to schedule No. 201, such schedule calling for Russia bound books at \$12.39 each, which, after investigation, I found was not the fact at all, but I found that they were bound in canvas, which could be furnished at a price of from \$3 to \$4 each less. These books were ordered back and re-bound. I then received them.

"The second time I went to his office was upon the duplicate assessment rolls sold to the city of Oakland for \$1,834, and the expense, with the exception of \$1 expressage, was paid by the county. This amount \$1,833 has been retained. A suit for this amount has been brought by the Supervisors and is now in court.

"In conclusion I will state that I have no apologies to make to any one, and I propose to continue as I have done in scrutinizing all claims and county officers, irrespective of political factions or party affiliations."

FOREMAN A. J. READ ACCUSES THE RAILROAD

A. J. Read, foreman of the Enquirer job printing office and one of Mr. Dalton's bondsmen, makes this statement: "Victor H. Metcalf and the railroad, backed up by Bob Leckie and some others, have been and in my opinion are responsible for the contemptible proceedings against Henry P. Dalton, an honest and capable county official. Mr. Dalton belongs to the people and the people will see him safely out of the dirty political pool his enemies have forced him into."

EMIL NUSBAUMER MAKES DEFENSE FOR METCALF

Emil Nusbaumer was interviewed by a TRIBUNE reporter today and said:

"It is sought to be made to appear by Mr. H. P. Dalton and his friends that Mr. Dalton's late indictment by the Grand Jury of Alameda county was procured or instigated by Mr. Metcalf and by Mr. Metcalf's friends, managers and advisors in his political aspirations, and it is charged that this is done in order to harm Mr. Dalton's candidacy for the office of Congressman from this district.

"This charge is absolutely false. It is a very severe reflection upon the members of the Grand Jury and every honest-minded man in the county will at once resent it. The gentlemen constituting the jury need no one to vouch for their integrity, and an attack upon them by one who has been censured by them, of course, was to be expected.

"I probably know more than any other one the steps taken by Mr. Metcalf and his friends to retain the united esteem of the people of this county, justly given him and know that no voice was raised or act was done either directly or indirectly by Mr. Metcalf or by any of his friends to bring about any investigation of Mr. Dalton's official acts or to procure his indictment; and, if these false and malicious charges are further made or circulated, I am confident that the true motive for them will be surmised by the public.

"I positively know that if Mr. Metcalf

had the power or influence to bring about the indictment of Mr. Dalton he would not have done so, but, on the contrary, would let those appointed by law to perform official duties, do so without interference from him.

"The Grand Jury is composed of nineteen jurors and twelve must concur to find an indictment, and it is ridiculous to say that a body of men drawn according to law by the united action of the four Superior Judges of our county, and by a County Clerk who is one of Mr. Dalton's managers, should be of such political complexion and so lacking in integrity as to make the thing charged possible.

"Aside from this, I see by an inspection of the names of the persons constituting the Grand Jury, that Mr. Dalton had political and personal friends upon the jury and it has been stated in the public prints that the jury were a unit in the bringing of these charges against him.

"From this, the public will see at once how unfounded the charge is that the jury acted infamously and were governed by politics instead of the law and by their oath."

SECRETARY OF GRAND JURY IS INDIGNANT.

George Burbeck, who acted as secretary of the Grand Jury, in speaking on the subject of the Dalton indictment, said:

"I have seen the charges made, or the insinuations perhaps, that the indictment of Mr. Dalton was due to personal feeling against him by members of the Grand Jury. That was published in an evening paper.

"I do not want to have my character assailed, especially when I am only doing my duty. I had no personal feeling against Mr. Dalton. I had no political feeling against him. We have always been friends. I have known him seventeen years out of the twenty-five or twenty-six years that I have resided here.

"I could not think of voting to indict him on personal grounds, and I would not do him wrong on political grounds for others or for my own sake. It is unpleasant to be compelled to make a statement of this kind in one's own defense, and especially because one does his duty. The members of the jury were honest in their work. They were unanimous on the point. There was no fighting over it, and I don't know of any influence which could affect so representative a class of citizens.

"Mr. Dalton tried to speak to me while I was serving as a juror when this matter was up, and I refused to have anything to say to him. He did not say that he wanted to speak to me about his case, but I told him that if he wanted to have anything to say about it, to go before the Grand Jury and not hold me up where we might be seen and our motives questioned.

"I was not a member of the committee which examined into the condition of the Assessor's books. All the members of the jury took a hand in the work at times. There was no expert employed. Of course that work was in a measure superficial. It had to be. But it was simply the question of destroying the records or property of the county. We had the evidence, of course, but we were assisted in other ways. If you will read the report of the preceding Grand Jury and study out the recommendations of that body, you will see where the late Grand Jury received valuable suggestions. The prior Grand Jury failed to do its duty in this respect.

"As to the charge that Judge Greene instructed the Grand Jury to bring in an indictment, that is an absolute lie. He simply explained to us the law. He was before us, but I cannot tell you how often. When he appeared he came at the request of the jury. There is only one side to this case and that is the side of truth, and that is the side of the Grand Jury."

GRAND JUROR HOAG SPEAKS OF DALTON.

Grand Juror C. P. Hoag said:

"There was no personal or political feeling in the matter whatever. Mr. Dalton is a friend of mine and has always been a friend.

"Politics to politicians, and business to business men. I regard Mr. Dalton as a very efficient officer. But the law is there. You read up the law and you will ascertain what it means.

"As to the charge of personal feeling, I do not like to discuss it. In times of excitement such a statement is made only to create a sensation."

PRISONERS IN BOERS' HANDS.

A Thousand Removed From Pretoria and Held as Hostages.

LONDON, June 8.—The dispatch of news filtering from the Transvaal fail to throw much light on the situation in and around Pretoria.

Public interest centers largely in the fate of the 7,000 prisoners, but it seems probable that about 3,500 have been recovered, including 120 officers. The Boers, therefore, have removed about a thousand houses.

The Lorenzo Marques dispatch to the effect that United States Consul Hollis has been conferred with President Kruger is creating some comment, but in view of the Washington dispatch which asserts that Mr. Hollis has no official command to the Transvaal there is little disposition to regard his movements as at all significant.

A dispatch from Pretoria says that the only shell which took effect in the town the day prior to the occupation of Pretoria hit the United States Consulate.

A dispatch from Cape Town announced that the work of organizing the government of the Transvaal is proceeding. A portion of Sir Alfred Milner's staff has gone to Pretoria to start the machinery, so the proclamation of the annexation of the Transvaal may be speedily expected.

CONSUL HOLLIS ACTING WITHOUT AUTHORITY.

WASHINGTON, June 8.—Secretary Hay says in reference to the Lorenzo Marques dispatch stating that it was believed that United States Consul Hollis has been negotiating with President Kruger to bring about peace by direction of the Washington Government, that Mr. Hollis had no authority whatever from the State Department to make a trip into the Transvaal, and furthermore the State Department did not know of any such intention on his part.

The Consul had no right to go into foreign territory without permission from the State Department, and it is assumed that his visit was of a purely personal character; it is not probable that he will be taken of his reported actions.

KRUGER URGED TO SUE FOR PEACE BY UNITED STATES.

Associated Press Dispatches by The Tribune's Special Leased Wire. LORENZO MARQUES, June 8.—United States Consul H. Hollis who returned here yesterday from the Transvaal by special train, had a two hours' interview in close conference with President Kruger at Machodum. It is stated that Mr. Hollis was the bearer of friendly dispatches from the United States Government urging Mr. Kruger to treat for peace.

GEN. RUNDLE DRIVES BACK BOER OUTPOSTS.

Associated Press Dispatches by The Tribune's Special Leased Wire. HAMMOND, Orange River Colony, June 8.—General Rundle made a strong demonstration against the Boer positions, employing 500 of General Brabant's Queens-town Mounted Rifles, two guns and the Cape Mounted Infantry under Colonel Daggerty. The Boer outposts were driven back and their laager was located, but the troops returned without a battle.

REBELS HAND IN THEIR ARMS TO GEN. WARREN.

CAPE TOWN, June 8.—General Warren, with a strong force, including the Canadian Artillery, is reaching north through Griqualand west. He camped at Campbell yesterday, no opposition being offered. Numbers of the rebels are handing in their arms to the British commander.

RHODESIAS FAST BEING CLEARED OF THE FEDERALS.

MAPEKING, Tuesday, May 29.—Colonel Plumer occupied Zerebst yesterday without opposition. This district is regaining its normal condition. Supplies are arriving daily.

PIRATES LOOT CHINESE JUNKS.

HONGKONG, June 8.—A steam launch, owned by Chinese merchants here, towing four junks laden with kerosene oil, from Hongkong for Canton, was attacked last night by pirates in an armed junk off Cape Suiman, eight miles from Hongkong. After looting the junks, the pirates made off in a westerly direction with the launch and her crew.

TRIPLE TRAGEDY AT PLACERVILLE

An Old Man Kills Three Members of His Family.

Associated Press Dispatches by The Tribune's Special Leased Wire. PLACERVILLE, Cal., June 8.—Jesias Zumwalt, better known as Zach Zumwalt, who last night killed his wife, his married son, George M. Zumwalt, his grandchild, and seriously wounded his daughter-in-law, slept soundly in the county jail after his incarceration until the middle of the forenoon.

He is about 65 years of age, but physical infirmities give him the appearance of an older man.

He refused to say anything about the tragedy further than that he had had a great deal of trouble, and while he built and owned the place occupied by George and his family, they have been trying to throw him out upon the world and get rid of him.

It was his evident intention to kill himself if it had not been that he was disarmed by his son Tom before he had the opportunity.

He seems to have no knowledge of what led immediately to the shooting, but it seems from the positions of the dead bodies that George was shot while sitting in a rocking chair in the house, while his wife and the child in the arms of his son's wife were shot while both women were fleeing from the house. The coroner's inquest is being held at Diamond.

NEWS OF THE COUNTY

SAN LEANDRO
TRUSTEES MUST
CALL FOR BIDS.Printing Must be Let
by Contract Under
the Law.

SAN LEANDRO, June 8.—At the last meeting of the Town Trustees an ordinance was introduced by Trustee Quinn designating the San Leandro Standard as the official town paper.

Attorney Frank called the attention of the Board to the statutes of 1897.

According to these statutes, he asserted, all towns organized under the general law must advertise for bids for the city printing and must award the contract to the lowest bidder.

As San Leandro is organized under the general law, if Attorney Frank's interpretation of the law is upheld the town advertising will have to be let to the lowest bidder for the work.

Should this not be done any citizen can attack the legality of any ordinance heretofore passed, on the ground that it has not been legally advertised and is not, therefore, part of the law.

The matter has been laid over until the next meeting.

WHITTAKER
FEARED LADY
WOULD SHOOT.Mrs. Toft Not Guilty of
Trying to Kill Young
Man.

EMERYVILLE, June 8.—The preliminary examination of Mrs. Edith Toft on a charge of assault with a deadly weapon came up yesterday before Recorder Bradford.

Deputy District Attorney Harris appeared for the prosecution and Attorney Frick for the defense.

While on the witness stand Arthur Whittaker, the young man whom Mrs. Toft threatened to shoot, was asked to describe the pistol with which his assailant threatened to take his life.

"I looked pretty big, did I?" suggested Attorney Harris.

"Yes, it looked mighty big," replied Whittaker, much to the amusement of the crowd which had assembled to hear the evidence in the case.

Recorder Bradford finally decided that the evidence did not warrant a prosecution of the charge, and the case was dismissed.

Mrs. Toft was re-arrested, however, on a misdemeanor charge, and will be prosecuted for alleged disturbance of the peace. She gave bonds in the sum of \$100.

She is believed Whittaker had taken her daughter away.

HARD LUCK OF
LIVERMORE MAN.

Won in a Lottery and
Then Tore Up the
Ticket.

LIVERMORE, June 8.—A certain all-wise Livermore man purchased a lottery ticket last month from a good looking young lady whose bewitching smile captivated him and for which he yielded up two of Uncle Sam's big silver dollars. This ticket was the first he had ever bought, and when the drawing list came he compared his number with the approximation prizes and not seeing it there tore up the bit of paper and silently cursed himself for being an investor. The young lady with the bewitching smile came to town yesterday, called on the always pious Livermorean and informed him that he was the luckiest man in seven counties, as his ticket, naming the number, had won the fourth capital prize of \$200, and showing him the list said he could send the ticket to San Francisco for collection and get his ducaats.

The pious young man turned six different colors in a minute, then opened his memorandum book, found the number as stated and then informed the lady as to what he had done. He then consulted an attorney as to what could be done, but the only answer he received was nothing. The lottery company is \$2000 ahead on the deal and the young lady has a new customer who will not again destroy his ticket.

Mineral water drinkers all agree that Jackson Napa is the best in the county. It is the best on the market. All bars and hotels.

CHAS. SMITH
MUST GIVE UP
THE BONDS.Judge Heacock Says
They Belong to the
Estate.Decision Touches the Deal
With the Santa Fe
Line.

Judge Charles Heacock, Master in Chancery, has just handed down a decision in the litigation over the ownership of the bonds of the California and Nevada Railroad which will materially affect the contest in the estate of the late Captain J. W. Smith, which is being tried in the Superior Court of this county.

The question at issue is the ownership of 34 bonds of the California and Nevada Railroad, which are valued at \$304,000.

Judge Heacock has decided that the bonds belong to the estate of the late Captain Smith, and not to his son, Charles W. Smith, who makes claim to their ownership.

The case which has just been decided has been pending for four years in the United States Circuit Court. The action was originally brought by C. H. Smith to establish his alleged title to the bonds.

Later he appeared as an intervenor in an action instituted by some of the bondholders. The case was tried in the Circuit Court and referred to the opinion of Judge Heacock.

The decision holds that all other bonds than those belonging to the Smith estate are invalid unless they are held by innocent parties.

In view of this decision the 34 bonds will probably be brought into the estate of the late Captain Smith and administered by his son.

Attorney T. C. Jenkins, who represented several of the bondholders in the case in the United States Circuit Court, and appears in the contest in this county as the representative of the absent heirs. The opposition is to the final account of C. K. King, an administrator. Attorney Jenkins says that as soon as the litigation over the bonds is settled the Santa Fe will consider a proposition to purchase the California and Nevada Railroad.

The decision handed down by Judge Heacock contains the following:

"One of the bonds of the California and Nevada Railroad Company, estimated value about \$300,000, and also other property (EX. 1). There being no testimony to the contrary, I am of the opinion that the evidence introduced by the intervenor defendants clearly shows that the bonds were the property of J. W. Smith at the time of his death; that Charles H. Smith, in obtaining the bonds from Alper Doble, acted either as agent of his father, as administrator, or as a holder of the said bonds is that of an heir at law of the said J. W. Smith."

ROWE SCORES MESSAGE OF THE MAYOR.

Does Not Like His Honor's Talk on Streets.

Councilmen Discuss Plans to Keep the City Clean.

No action was taken last evening by the City Council in regard to Mayor Snow's recommendation that the streets of the city be cleaned. The Mayor's communication on the subject was read as follows:

"Gentlemen—I desire to call your attention to the unsanitary and unsightly condition of the street gutters throughout the city and to urge your immediate and favorable action upon the request of the Board of Public Works by resolution No. 3741 in relation thereto.

"This request for authority to clean the street gutters was sent to your honorable body on May 17, 1900. Every day of delay renders the work more difficult to perform and will increase the expense.

"The Board of Public Works will, I believe, risk your 'Honor' body for legislation that will enable the Street Department to keep the streets clean hereafter, but the long neglect of the street gutters renders a thorough cleaning necessary before anything else can be done."

"When the message had been read, Rowe said there was money to do the work, and that the Mayor knew it as well as anybody.

"A message like that to the Council," said Rowe, "is entirely needless. He urges immediate action, for which there is no necessity. Gutters are better cleaned in August or September, and last year we were accused of cleaning them too early. I move that this matter lay over for the present."

"Our speaker," said Mott, "is not the best. As it is now, the gutters are clean two months out of the year and the rest of the time they are not. A better way, I think, would be to establish a patrol for the entire year."

"We'd have to place our tax levy above the dollar limit for that," said Rowe. "But if we kept them clean as they are now, it might not cost any more than at present," said Mott.

"Let's see the expense for the first year that we must face," suggested Messer.

"If we went out in a systematic way," said Schaffer, "it would cost much less than it does now."

City Engineer Clement suggested that the gutters be repaired and made three feet wide. Then the gutters that had rotted could be repaired and they could be cleaned at much less expense. A resolution was then adopted to adopt to lay the gutters and the property owners would have to pay for the work.

The entire matter was then laid over.

HARRISON STREET MAY BE OPENED.

Property Owners Want a Continuation of the Boulevard.

Convent People are Not Anxious to Have the Plan Carry.

It was practically agreed last night by the Street Committee of the City Council that Harrison street should be opened from Twentieth street to Boulevard T. R. R. But no recommendation was made. The law requiring that all street opening proceedings be referred to the Board of Public Works for a recommendation.

Colonel George C. Edwards appeared before the Committee and stated that the property owners were very anxious to have the work done. To continue the street from Twentieth street to the street leading to Adams' Point, he said, it would be necessary to secure the rights of way through the Realty Syndicate property, the Harmon property and the Convent property. The Realty people, he further stated, and the Harmon people were ready to give such rights of way, but the Convent people were not. It would, therefore, be necessary to have the matter take the usual course of street opening proceedings.

It was the idea, he said, to have the street run around the rear of these properties and really be a continuation of the boulevard.

Mott asked if the people desired to have the street conform to the line of the old survey of the boulevard, and he was answered in the affirmative. The matter was then referred to the Board of Public Works for a recommendation.

Messa called up the matter of opening Cypress street and it was also referred to the Board for a recommendation.

"Can an ordinance be passed to have the street conform to the line of the old survey of the boulevard, and he was answered in the affirmative. The matter was then referred to the Board of Public Works for a recommendation.

WANT BETTER STREETS TO THE COLLEGE TOWN.

Berkeley and Emeryville Consult With the Council.

Plans Suggested to Have Harmony All Along the Line.

The Street Committee of the City Council last night devoted considerable time to consulting with representatives of the Town Trustees of Berkeley and of Emeryville. The Emeryville people talked sewers, while the Berkeley people were trying to induce the City Fathers to improve main arteries between Oakland and the college town.

Emeryville was heard first and President Christie of the Trustees explained that the people of Emeryville desired to know Oakland to dig up their streets and place therein the big seven-foot main sewer provided that the property owners in the race track town fronting on the sewer should be allowed to sewer into it. According to the plans submitted by City Engineer Clement, the city's sewer will cross into Emeryville at Fortieth street and run to Adelme, thence down that thoroughfare to Thirty-sixth, to Waits to Yerba Buena, leaving the town at Yerba Buena and Thirty-sixth streets.

The Emeryville people said they had no objection to this but they desired permission for property owners fronting on those thoroughfares to sewer into the main or outlet sewer. They also desired to construct a short sewer on San Pablo to connect with the city's sewer.

Mott said that such an arrangement seemed feasible and it was decided to refer the matter to the City Attorney and City Engineer to consult with the Town Attorney and Engineer of Emeryville to draw an ordinance to that effect.

Chairman Turner of the Street Committee of the Berkeley Trustees was next heard. He said he had already had improved San Pablo, Telegraph and Shattuck avenues up to the Berkeley line and he urged the Committee to improve the Oakland end of those thoroughfares. He said that if Oakland would improve Shattuck avenue to the Berkeley line it would be the shortest and best route. There was a way, he said, to get around majority protests. When the people of Berkeley found that their hands were tied by majority protests they accomplished the improvements by the district plan. This, he said, could easily be done by having the district about ten feet beyond the line of the property fronting on the street to be improved.

Schaffer said that Shattuck avenue from Telegraph to the Berkeley line was nearly a mile, and Lemmon suggested that the improvement of the thoroughfare be incorporated in the bond issue.

Mott said that the matter had been delayed because the Council desired to establish a sewer system in the annexed district before improving the streets. Schaffer said that there was not nearly so much travel on Adelme street as on Broadway and Telegraph avenue, and Chairman Messa of the Street Committee assured Turner that the improvements would be made as rapidly as possible and that the Council had long had the matter under consideration. The visitors then departed.

A WONDERFUL ESTABLISHMENT.
The trustee shoe sale at 502 Washington street. Con men honestly, solid sense and big bargains keep the store crowded with shoe buyers. Buying in large quantities and carloads of bankrupt stocks of boots and shoes enables us to sell at much lower prices than those who must buy in limited quantities and on credit. The confidence of the masses of the people is in a pleasure to see the crowds of those large quantities of boots and shoes.

The more we sell the more we can buy, and the more we buy the cheaper we can sell. The application of this principle is the power that has placed the Trustee Shoe Store to the front rank in Oakland. It is a pleasure to see the crowds of sensible people who secure the honest bargains spread out before their eyes. Tomorrow we will give you the greater bargains ever seen in Oakland. Come and help yourself. The trustee shoe sale, 502 Washington street.

WILL SELL THEIR CROPS IN SAN JOSE.

COMPANIONS OF FOREST AROUND BANQUET TABLE.

Fruit Men Plan to Outwit Cannery's Combine.

Grand Circle Elects Officers for the Ensuing Year.

Will Dispose of Their Apricots in Santa Clara County.

From the action taken at the meeting of the Alameda Bay District Fruit Growers' Association last evening at Hayward it is probable that the apricot crop of Alameda county will be sold to buyers at San Jose.

The committee appointed to find out what prices could be obtained from the San Jose buyers reported that they were offered from \$20 to \$30 per ton for the apricots according to the grade of the fruit.

This offer of the growers combine was from \$20 to \$25 per ton for the same fruit. The higher prices offered by the buyers makes it likely that the entire crop of the members of the association will be sold at San Jose.

Executive action to this effect will probably be taken at a meeting to be held in the town hall at San Leandro next Thursday evening, when an estimate of the tonnage of the apricot crop in Alameda county will be obtained.

The thirteenth annual session of the Grand Circle, Companions of the Forest of America was brought to a close last evening by a banquet held in the Cafe Bohemia.

The work of the session was completed yesterday afternoon. The reports of the committees and officers of the Circle showed the order to be in a prosperous condition. Two new lodges have been formed and there has been an increase of 55 in the membership lists.

The banquet last night was given to the delegates by the Convention Committee consisting of the following members: President, Mrs. W. Ross, vice-president, Mrs. J. Neumann; secretary, Mrs. M. Quinn; treasurer, Mrs. Ray Cohen.

The banquet room was handsomely decorated. On the tables vases of carnations and roses were tastefully arranged. A sumptuous feast was served at the close of which many toasts were proposed and responded to.

M. E. Licht acted as toastmaster. The members of the committee on arrangements were: Mrs. H. W. Rose, Miss M. Quinn, Mrs. F. Jacobs, Mrs. J. Neumann, Mrs. Ray Cohen and Mrs. C. Babue.

Yesterday afternoon there was an election of officers. The following were elected: Grand chief companion, Miss Agnes Merced; grand sub-chief, Miss Alice Tisoulet of the Rotted Hood Circle No. 28, San Francisco; grand financial secretary, Miss Agnes D. Brama; Hamlet Circle of Alameda; grand recording secretary, Mrs. Lizzie Atwood; Robin Hood Circle, San Francisco; grand treasurer, Mrs. Komvian Ee, San Francisco; grand right guard, Mrs. Margaret of Los Angeles; grand left guard, Miss McMurtry, San Francisco; grand outside guard, Miss Winkler, Santa Barbara; grand inside guard, Mrs. Ellis, Stockton; grand marshal, Mrs. Wallace of San Diego; grand trustees, Mrs. Worms (chairman), Mrs. Davis, Mrs. Wiesel.

In the election of trustees twelve candidates were in the field and an election was not secured until the fifth ballot. There were three candidates in the field for grand sub chief, Miss Alice Tisoulet winning only after a hard contest. Miss Tisoulet is the youngest person who has ever held this honored position, and it was because of her youth that she experienced such strong opposition, but it is felt that she will fill the position with honors to herself and to those who placed her there.

The next session will be held in San Francisco the first Wednesday in June.

HOW JONES DID IT

One cent per word for the first insertion, 5 cents for each subsequent insertion. This is the lowest rate for classified advertising in any paper in the country.

Good many odds and ends accumulate around a home—and some of these odds and ends become a nuisance. But Jones was a philosopher enough to figure out that somewhere in the household there was somebody who wanted just what he (Jones) didn't want. So he told his troubles in a TRIBUNE "For Sale Miscellaneous" advertisement. Result—A quick buyer. Now Jones is accumulating odds and ends as fast as possible, so he can make an "other clean up." Have you ever used TRIBUNE "For Sale" ads?
